MASTER OF SCIENCE
IN APPLIED NUTRITION

The Master of Science in Applied Nutrition is an advanced degree open to students who already have an undergraduate degree in health science, dietetics or a related area such as medicine, nursing, pharmacy, occupational therapy, speech therapy, athletic training, or physical therapy.

The degree offers the following areas of concentration: Obesity and Eating Disorders, Nutrition Education, Nutrition and Fitness, and Business and Entrepreneurship in Nutrition.

Graduates of the program will be qualified to:

- Understand the complex factors that influence nutritional practices
- Evaluate nutritional programs to be able to improve the nutritional status of various groups of people
- Conduct and comprehend applied dietetic research
- Translate theory and apply current research to practice

*Tuition rates, all fees, rules and regulations, courses, and course content are subject to revision by the president and the Board of Trustees at any time.

CURRICULUM

Required Core Courses 24 q.h.
- NTR 6100 Advanced Nutrition and Metabolism 4 q.h.
- NTR 6110 Medical Nutrition Therapy 4 q.h.
- NTR 6112 Research Methods in Nutrition 4 q.h.
- NTR 6115 Health Promotion/Disease Prevention 4 q.h.
- NTR 6118 Clinical Health Behavior Change 4 q.h.
- NTR 7980 Capstone Project 4 q.h.

Concentrations 16-17 q.h.

Choose one of the following concentrations:

Business and Entrepreneurship in Nutrition Concentration 16 q.h.
- NTR 6155 Nutrition Entrepreneurship 3 q.h.
- CMN 6120 Communicating to and with the Media 3 q.h.
